

## **Moto2™ engines and parts used in the MotoGP™ World Championship on sale**

Externpro, the company that manages the settings and logistics of Moto2™ engines in the World Championship, offers the opportunity to buy the Moto2™ engines that have reached "end of life" as far as their use in the World Championship is concerned. These engines comply with the Moto2™ World Championship specifications. Please note that to use them in the FIM CEV Repsol, these engines should be converted into the Moto2™ European Championship specifications.

The engines on sale are Honda CBR 600 RR Engines and may have completed a maximum of 6,000 km in total. Injectors body and air box are not included.

These are some of the parts that are not standard and that do not comply with the Moto2™ European Championship Rules:

- Alternator and alternator cover
- Cylinder Head ( Skimmed + ported )
- Camshafts
- Valve Springs
- First Gear
- Clutch cover
- Shift Star

The engines are priced at € 1,950 each. Additionally, Externpro sells new and used standard parts. [Here](#) you can find a list and prices. In case you are interested in the purchase, contact Asier Maldonado at [info@externpro.com](mailto:info@externpro.com) or by phone at 0034 978 877 848.

The use of these engines is at your own risk and no warranty is given or implied by Externpro o Dorna.
